

ONE-DAY DEVELOPMENT SUMMIT 2019

THURSDAY JULY 11TH

Promoting excellence and inclusive pastoral, spiritual and religious support for all without exception

The event will gather leaders and active participants in the provision of pastoral, spiritual and religious support from the NHS, ambulance fire, police and prison services to explore the challenges of meeting those needs in 2019 and beyond. We will hear from experts, learn from each other, and look at creative ways to collaborate and work in partnership in the future in a way that addresses and embraces the various and diverse needs of our clients, patients, customers and the general public.

Held in Leeds on Thursday July 11th from 09:30 until 16:00 this event will not be solely an expert speaker event - but a gathering where all in attendance will participate.

SUMMIT

Promoting excellence and inclusive pastoral, spiritual and religious support for all without exception

Aim

To stimulate debate, share latest research and practice and advance collaborative working across the NHS, ambulance, prison service, fire and police services.

Objectives

- Raise awareness of the latest research, policy and practice in relation to inclusive spiritual, religious, chaplaincy, pastoral and humanist provision.
- Enhance understanding of the ever-changing role of those who provide spiritual and pastoral support and the opportunities to work more effectively with partners across the system.
- Encourage participants to change practice and facilitate culture change in their respective organisations to help achieve a more inclusive service.

Key themes

- Inclusion and modernity within chaplaincy across the UK.
- Terminology - how do we define associated words and terms such as chaplaincy, religion, belief, spirituality, pastoral care, humanism and no belief or faith.
- Addressing the needs of minority faiths and the needs of the non-religious in a modern and diverse UK.
- The contribution and challenges facing chaplaincy services within contemporary prison, NHS, fire, ambulance and police services.
- People, place, purpose and neighbourhood resilience.
- Measuring the impact of chaplaincy services and demonstrating added value.
- The intersection of faith and ethnicity in mixed faith families.

Target audience

The following staff working in the NHS, ambulance, prison service, police and the fire service:

- Chaplains and those who provide spiritual and pastoral care.
- Faith leaders.
- Managers.
- Equality leads.
- HR managers.
- Community development workers.

Cost
